Letter No:CE/NCES/SE/Solar/EE/WPP/AEE-AMR/F.AMR/D.1346 /18,Dt:02.10.2018

Sir,

Sub: NCES – Automated meter reading (AMR) billing project for the  
Implementation – user login and password for the wind  
generators validation of master data – requested- Reg.

Ref: Ref:Lr.No:CE/NCES/SE/SOLAR/EE/WPP/AEE/F.AMR/D904/  
2018,DT.30.06.2018.

\*\*\*\*\*

1. It is to inform that, with all your cooperation the work of implementation of AMR project has been completed and it is programmed to roll out the AMR project as a trial run from 15<sup>th</sup> November 2018.

2. In this regard, the review meeting regarding implementation of AMR project was conducted by Director Distribution/TANGEDCO and Director Generation/TANGEDCO on 24.10.2018 and the following action plan has been proposed.

(a) The master data entry for all the WEG services has been entered in to the AMR server based on the data available with NCES and EDCs.

(b) The username and password for all the WEG service connections have been created and sent to the concerned SE/EDC's.

(c) All the wind energy generators are requested to contact the generating end EDC's to get the username and password.

(d) After getting the username and password the generator may login to the url: <http://htoa.tnebnet.org/oa> from 01.11.2018 onwards and can access the master data pertaining to their WEG service connections.

(e) After verifying the master data the Wind energy generator are requested to print the master data and a signed copy is to be handed over to the concerned generating end EDC's for record.

(f) Any deviation in the master data is to be brought to the knowledge of the generating end SE/EDC's who in turn will communicate to NCES wing and IT wing for correction in the master data at the earliest.

In this regard, TANGEDCO request the co-operation of all the stake holders to make the AMR project successful.
