To,

President/ Secretary,
Wind / Solar Power Developers Association.

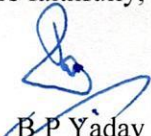

Sub: Lack of interest in giving relevant information

Sir,

In several meetings held between the Industry (wind and solar) and the Ministry at the level of Secretary and Hon'ble Minister, following points were raised:

- a) Various DISCOMs not making payment in time for their RE power procured.
 - b) RE projects are not able to get finance from public sector banks.
2. Secretary, MNRE had told both Associations as well as individual Developers in Monthly meetings to give specific cases where public sector bank have refused to extend credit facilities to their specific projects. They were also advised to use facility of PRAAPTI portal and give information about their dues in the portal. They were also advised to file cases in appropriate courts for recovery of dues when their repeated efforts with DISCOMs fail to solicit appropriate response. As per information available with the Ministry very few developers have loaded their due details on PRAAPTI and no developer has approached courts except one in Andhra Pradesh. Also no developer has reported to the Ministry specific instance where public sector bank have refused funding for their project.
3. In view of lack of interest by developers to fight their own cause and cases, the Ministry will not be able to support them.
4. All developers are once again requested to give details of refusal of credit facilities by public sector banks and approach courts for recovery of their dues. They are also advised to give status of their dues to PRAAPTI portal at regular frequency.

Yours faithfully,

B P Yadav
Joint Secretary
