IWPA

helping mankind with energy from nature

IWPA Circular No.202 of 2016

Dear Member

Scheduling and System Operation Charges

You may be aware that our association has initiated court proceedings challenging the levy of scheduling and system operation charges on a flat rate basis without applying the charges fixed by the Hon'ble TNERC on a pro-rata basis. An interim order was granted by the Hon'ble High Court, Madras reducing the charges from Rs.800 to Rs.300 per machine per day pending the Writ Petition. However machines covered by REC were denied this benefit and had been asked to pay Rs.2,000/- per machine per day by the TANGEDCO.

Today our Association had filed a writ petition at High Court of Madras and is successful in being granted interim orders for the benefit of its members wherein REC windmills will also have to pay the same charges @ Rs.300.

The interim order copy will be available only on Monday (14.11.2016) and will be circulated to all members immediately on receipt.

We expect the instructions to this effect from Chennai TNEB office to its field officials to follow soon after

Thanking you

With Best Wishes and Regards

For Indian Wind Power Association
