IWPA Circular No. 292 of 2019

Members who have put up Wind Mills in Tamil Nadu

Dear Member

Sub: Correcting and improvising AMR Readings for WEG installations of IWPA Members

As a measure of helping members in getting correct AMR Readings, we have requested Mr. G Muthu Subramaniam of Digilog Micro Solution, Chennai to attend to and improve and enable AMR Readings in the WEG installations of members who wanted help.

Enclosed is the report received from Digilog as on 31st May 2019.

Members concerned may kindly report to us the improvements of AMR Readings in their WEG installations. There are certain installations where the contact person at WEG end did not respond. Please follow up in such cases.

As the reading for the Month of May 2019 would have arrived / expected to arrive in the first 2-3 days of June 2019, members will be in the position to know the impact of the improvements and kindly let us know for any possible follow up necessary.

Looking forward for your feedback.

Thanking you in anticipation

Yours faithfully
For Indian Wind Power Association

(Prof. Dr. K Kasthurirangaian)
Chairman

Enclosure: Report received from Digilog as on 31st May 2019
