IWPA Circular No. 299 of 2019

Dear Friends

**Request to register for the
5th International Wind Conference, WE60 by 2022,
scheduled on 21st & 22nd October, 2019 at The Trident, Chennai**

Your Association is happy to announce the launch of its 5th International Wind Conference, **WE60 by 2022**. The Conference aims to identify enablers and overcome constraints in order to achieve the Government of India set target for Wind Energy of 60 GW by 2022. Out of this, 10 GW is expected to come from Wind-Solar Hybrids, 5 GW from Offshore installations and the balance from Onshore Wind Mills. The Government has further identified around 3GW of wind power capacity in high wind locations, coming from wind turbines of 500 kW or less, thus making the case for augmentation through repowering.

The Conference specifically addresses Wind-Solar Hybrids, Offshore Wind, Re-Powering, and Power System Management to enhance integration of Wind Energy into the Grid. It seeks optimal solutions to synchronize Policy, Regulatory and Business Models. It addresses the issue of PPA and Payment Security Mechanisms to lend long-term credibility. Further, it goes into Asset Management – Operation & Maintenance and the infrastructure requirements and methods to enhance wind energy evacuation.

The Conference draws upon expertise from India and overseas to identify international best practices that can be replicated in India. It also seeks to give a fillip to "Make in India" in the Wind Energy industry. The learning from this Conference would then be put in the form of recommendations for the Government to consider in its drive to enhance the quantum of Renewable Energy in the national energy mix.

We look forward to every member organization sending delegates for the Conference. The participation fee is a nominal Rs 3,000/- per delegate, including GST. The Conference Brochure is attached. Also attached is the Delegate Registration Form.

Thanking you

With best wishes and regards

For Indian Wind Power Association

(Prof. Dr. K Kasthurirangaian)
Chairman

Enclosure: Conference Brochure & Delegate Registration Form
