IWPA Circular No. 238 of 2017

Circular to Members who own Wind Mills in Tamil Nadu

Dear Sir

Sub: Harmonics for Wind Mills – Draft reply to be submitted to your SE

Some of our members have received notice from the Superintending Engineers of various circles calling for measurement and installation of harmonics filtering mechanism within a three-month's period.

IWPA, Chennai had represented to TANGEDCO and the Hon'ble TNERC requesting for deferring the implementation of Harmonics in the WEGs until the measurement methodology is arrived at and intimated to the generators by TANGEDCO. Consequently, a Committee was formed in April 2017 at TANGEDCO which is yet to submit its report on a conclusive methodology on harmonics measurement. Pending receipt of communication from TANGEDCO, the issue is kept in abeyance.

Therefore, members who have received a notice for installing harmonic filters may please send a reply as per the model letter given in Enclosure 1.

A copy of TANGEDCO's BP (Board Proceedings) for instituting the Committee may also be enclosed when sending the letter to the SE.

With best wishes and regards

Yours sincerely
For Indian Wind Power Association

(Prof. Dr. K Kasthurirangaian)
Chairman

Enclosure:

1. Draft reply to Superintending Engineer
2. Copy of CE/IC, R&D's letter dated 29.04.2017
