IWPA Circular 244 of 2018

Circular to Members who have Wind Mills in Tamil Nadu

Sub: Additional clause proposed by IWPA on TNERC draft on Forecasting, Scheduling & Deviation Settlement Mechanism (DSM) Regulation 2017

Dear Members,

This circular is in addition to our earlier Circular 243 dated 18th January 2018 sent to you with a request for your comments and our proposed comments on TNERC draft DSM Regulation 2017. IWPA need to protect Wind Generators interest against any Grid Curtailment of WEG's by SLDC in the name of Grid Security.

Sl. No	Draft Regulations	Corrections Required	Reason for the correction
1	Addition of new clause (i) 2.1 "Grid Security" Need for grid curtailment of RE for grid security reasons means when Frequency is unable to be maintained within the band width specified by the grid code and all balancing opportunities by using other sources of generation are exhausted,. Provided SLDC is deviating from its schedule beyond 250 MW. If SLDC curtails grid for RE other than the above quoted reasons SLDC shall compensate the Wind or RE generator.	(i) 2.1 "Grid Security" Need for grid curtailment of RE for grid security reasons means when Frequency is unable to be maintained within the band width specified by the grid code and all balancing opportunities by using other sources of generation are exhausted,. Provided SLDC is deviating from its schedule beyond 250 MW. If SLDC curtails grid for RE other than the above quoted reasons SLDC shall compensate the Wind or RE generator.	New Clause may be introduced so as to avoid unnecessary back down of WEGs by the SLDC in the name of "Grid Security".

Thanking you in anticipation

with best wishes and regards

For Indian Wind Power Association
