IWPA Circular No. 11 of 2024-25

Dear Member,

Sub: Request for State-wise installed capacity of Members

As you are aware, IWPA has been making representations both at the central and state level relating to the wind sector. In all our representations, we normally mention aggregate installed capacity owned by our members at the national level and presently we do not have accurate state wise installed capacity of our members. We have been raising invoice for subscription based on the details provided by members and we do not have accurate data of installed capacity of members in each state. Some members have provided details of overall capacity without break up of state wise installed capacity.

When we make representation at the state level, it would be more appropriate to mention the installed capacity of our members in that state to convey the stakes of our members.

A decision was taken at the National Council meeting to collect the details of state wise installed capacity from our members. We will create a data base that will be updated regularly.

In order to compile the data, we request the following Information in respect of the wind turbines owned by you:

Year (as on 31/03 for each year)	State wise installed capacity in MW								Total
	Andhra Pradesh	Gujarat	Karnataka	Madhya Pradesh	Maharashtra	Rajasthan	Tamil Nadu	Others (Please specify)	
2021-22									
2022-23									
2023-24									
Current (as on 31 st August 2024									

Specific concerns, if any (National and State level)

Area of Concern*	National / Name of State	Specifics of concern	Current status

*Examples of Area of Concern: Land availability, ROW, Evacuation, Grid availability, Substation related

We look forward to receiving your response on or before 30th September 2024.

Thanking you,

Yours sincerely
For Indian Wind Power Association

Ajay Devaraj
Secretary-General

Indian Wind Power Association
