**IWPA Circular No. 129 of 2014**

**WWEA (World Wind Energy Association), Bonn publishes Wind Resource Assessment Report**

Dear Members,

I am glad to inform our members that Dr. Jami Hossain, our Editor and National Council Member was instrumental in publishing the World Wind Assessment Report which gives a comprehensive overview of the currently available wind resource assessment country-wise.

It may be observed therefrom that the estimated wind energy potential in the world is 95TW

The report could be downloaded for free from the WWEA homepage given below:

The Committee is in the process of preparing another report on Wind Integration. We shall keep you informed as and when it is published.

Thanking you

With Best Wishes and Regards
