IWPA Circular No. 133 of 2015

Dear Members

Renewable Energy Commitment by members for the five year period 2015-19

The Government of India has set ambitious targets for renewable energy. MNRE had issued an advertisement on January 31, 2015 in terms of which a target of 60 GW of Wind Energy would be installed in a span of seven years i.e. by 2022. As you are all aware, the First Renewable Energy Global Investors' Meet (RE-INVEST) is being organized at New Delhi on February 15th, 16th and 17th 2015 to attract investments in the RE Sector. This programme would be inaugurated by the Hon'ble Prime Minister.

In this connection, the MNRE in its website <http://www.re-invest.in/greenenergycommitment.aspx> has posted a Green Energy Commitment certificate in terms of which our members are requested to indicate their plan for adding RE capacity during the five year period of 2015-19.

The certificate and a sample certificate filled in by our Chairman are enclosed for your guidance.

Please arrange to get the certificates filled up, scanned and send to secretary.general@windpro.org

Kindly cooperate and send the particulars by return mail.

Thanking you and Best Wishes and Regards,

Yours faithfully
For: Indian Wind Power Association

Prof. Dr. K Kasthurirangaian
Chairman

Encl: as above
